

Cyber Acoustics Launches CA Essentials Line of Professional Products, Designed to Enhance Productivity in the Office and at Home

CA Essentials products help businesses provide employees with the essential tech they need no matter where they are working

Vancouver, Wash., Sept. 15, 2021 -- [Cyber Acoustics](#), a leading manufacturer of reliable and affordable computer peripherals used in schools, businesses, and homes, today announced CA Essentials, its new line of professional-use products designed to meet the needs of any office environment. Whether in the office or working from home, the [CA Essential Speakerphone – SP2000](#), [CA Essential USB Headset – HS-2000](#), [CA Essential Docking Station – DS-2000](#), [CA Essential Micro Docking Station – DS-1500](#), and [CA Essential Webcam – WC-2000](#) offer businesses a way to provide their employees simple-to-use, high-quality products to enhance their productivity.

“While the future of work continues to evolve for many companies, having all employees set up with reliable high-quality products regardless of where they are working is key to keeping productivity high,” said Steve Erickson, COO at Cyber Acoustics. “We have taken from our years of designing products for classroom environments, and our belief that quality doesn’t have to mean expensive, and applied it to the CA Essentials professional use products. The result is a line of first-rate peripherals that employees can use at home and the office, at prices far below those of similar products in the market.”

CA Essentials Products

Offering a range of products to create effective, productive work environments, CA Essentials line of professional use products includes:

[CA Essential Speakerphone -- SP 2000](#) - this USB and Bluetooth speakerphone offers a 360-degree noise-cancelling microphone with smart voice enhancement and ambient noise reduction technology, ensuring all conference calls are clear on any meeting platform including Zoom, Microsoft Teams, Google Meet, or via phone.

[CA Essential USB Headset – HS-2000](#) - an outstanding sounding USB stereo headset for PC and Mac, this plug and play professional headset features a unidirectional noise canceling microphone for minimizing ambient noise while speaking or recording, passive noise cancellation for quieter work environments, and convenient earcup controls for easy volume adjustment.

[CA Essential Docking Station – DS-2000](#) - the perfect way to organize a workspace, this USB-C hub laptop docking station offers complete connectivity with simultaneous 4K dual monitor displays with separate HDMI and DisplayPort outputs, three USB 3.1 Gen 2 high-power Type-A ports, one USB 3.0 Type-A port, one RJ-45 Gigabit Ethernet port, an integrated security K-Slot, and up to 90W of power delivery to power and charge the connected laptop. The dock also

features unique integrated active laptop cooling with three different fan speeds to optimize power consumption and provide cooling for the laptop.

[CA Essential Micro Docking Station – DS-1500](#) - this lightweight and portable docking station is perfect to take on the go, use at home, or in the office. This USB-C hub laptop docking station offers connectivity for an HDMI 4K display, a USB 3.1 Gen 2 Type-A port, a USB 3.1 Gen 2 Type-C port, and supports up to 65W of power delivery when used with the laptop's USB Type-C power adapter. The dock also features Qi, the industry-wide wireless-charging standard, for wireless charging of supported devices.

[CA Essential Webcam – WC-2000](#) - this plug and play webcam features full 1080P HD video with an auto focus lens, auto low light correction, a wide diagonal field of view, an omnidirectional microphone, and an integrated rotating privacy shield for a high-quality experience on any meeting platform including Zoom, Microsoft Teams, and Google Meet.

Cyber Acoustics Will Recycle A Businesses Old Headsets at No Cost

A recently announced [headset recycling program](#) allows businesses to send wired headphones and headsets from any brand directly to Cyber Acoustics, where the company reprocesses them responsibly. This no-cost recycling helps businesses responsibly dispose of all older headsets that are no longer needed, keeping plastics and metals from ending up in landfills. To submit products (a minimum of 10 wired headsets at a time, no products with batteries) for recycling visit <https://www.cyberacoustics.com/recycling-program>.
