

Organize Your Workspace and Improve Productivity with the New Cyber Acoustics USB-C Laptop Docking Station

The TAA compliant CA Essential Laptop Docking Station DS-1000 offers complete connectivity for all your peripherals and charges your laptop

Vancouver, Wash., July 19, 2022 – [Cyber Acoustics](#), a leading manufacturer of reliable and affordable computer peripherals used in schools, businesses, and homes, today announced the [CA Essential Laptop Docking Station DS-1000](#) is now available for pre-order. This compact, versatile USB-C hub offers a bevy of ports for complete connectivity and workspace organization, while powering and charging your laptop. It is TAA compliant and compatible with laptops that have USB-C or Thunderbolt 3 ports.

Why use a laptop docking station?

Laptop docking stations or hubs are a simple office upgrade that enhance productivity whether at home, in the office, or on the go.

[Studies show multiple monitors increase productivity by 42%](#). The CA Essential Laptop Docking Station DS-1000 supports simultaneous dual HDMI monitor displays up to 4K at 60Hz. With this feature the DS-1000 enables you to see more of your work at a time, and similar research shows using one monitor in portrait mode further enhances productivity by eliminating the need to scroll.

Other [research shows that cluttered spaces have a negative effect on stress and anxiety](#), indicating that an organized workspace is key to a productive work environment. The CA Essential Laptop Docking Station DS-1000 allows you to connect all your peripherals from a single USB-C cable, creating a clean workspace, and enabling easy transitions between home and the office.

In addition, the CA Essential Laptop Docking Station DS-1000 both powers and charges your laptop, ensuring you always have a full battery.

CA Essentials Line of Laptop Docking Stations

“Laptop docking stations are an essential accessory for a modern workspace and we have worked extensively with former Dell dock engineers to ensure our docks are stable bases for any laptop brand,” said Steve Erickson, COO at Cyber Acoustics. “The DS-1000 encompasses customer feedback about dual HDMI support as well as the number and type of USB ports, while also being TAA compliant for use in U.S. government offices.”

The CA Essentials line of laptop docking stations includes USB-C hubs to meet any style of work. The [CA Essential Micro Docking Station DS-1500](#) is perfect for travel, fitting easily in a backpack or briefcase. The DS-1500 also features Qi wireless charging.

The [CA Essential Docking Station DS-2000](#) includes complete laptop connectivity and integrated cooling fans for improved laptop performance, making it a perfect choice for heavily used laptops, or co-working spaces where multiple people may dock and undock throughout the day.

CA Essential Laptop Docking Station DS-1000

The CA Essential Laptop Docking Station DS-1000 has an MSRP of \$189.99 and is available now for [pre-order here](#). Features include:

- Simultaneous dual HDMI monitor displays up to 4K@60Hz. Supports extended displays for both displays on Windows 10 or 11, extended display on one monitor and mirroring on the other for Mac OS
- Four USB-A 3.2 Gen 2 ports on the back; one USB-A 3.2 Gen 2 and one USB-C 3.2 Gen 2 port on the front
- One RJ-45 Gigabit Ethernet Port
